The children of Unity College enjoyed a spectacular evening as performers in their very own circus.

The circus performance was held at Crawford Preparatory School in Fourways and the children captivated the audience from act one to the final act.

Michelle Kirk, Unity College advancement officer, said the children performed extraordinarily.

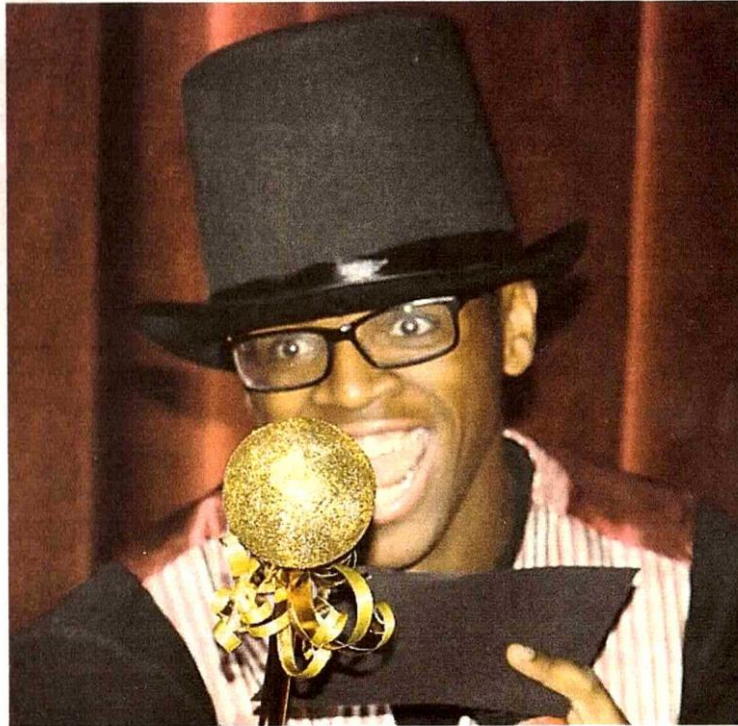

“Congratulations have streamed in and Unity is so very proud of the accomplishment of all our learners,” said Kirk.

The children participated in a poi dance, daring acrobats acts and the junior phase completed an obstacle course.

The intermediate phase wowed with an umbrella and animal dance and the final act was the fabulous therapy girls in the Dance of Light.

“Special thanks to our children, parents, management and staff for each going way beyond their call of duty,” concluded Kirk.

Unity College also thanked Crawford Preparatory School for giving Unity College a venue and the videographers who donated a video production to the college.
